

Victor Ayeni

■ Nigeria | ■ ayeniv69@gmail.com | ■ Frontend Developer

Profile Summary

Enthusiastic and detail-oriented Frontend Developer with strong skills in building responsive, user-friendly, and modern web applications. Experienced with Angular, React, JavaScript, TypeScript, SCSS, and Firebase, and passionate about creating clean UIs with excellent user experience. Adept at problem-solving, learning quickly, and collaborating in team environments.

Key Skills

HTML, CSS, SCSS, JavaScript (ES6+), TypeScript, Angular, React, RxJS, Firebase, REST API Integration, Git/GitHub, Bootstrap, Tailwind CSS, Webpack (basic config), Node.js (basic), Responsive Design, UI/UX Implementation.

Projects

BistroPulse – Smart Kitchen Dashboard

Built an admin dashboard for restaurants with features like recipe management, inventory tracking, and customer overview. Implemented image uploads, dynamic forms, toggle switches, and filtering using Angular 19 with SCSS styling.

Logistics Website

Developed a logistics platform with order tracking, delivery management, and user authentication. Integrated Firebase for backend services and applied responsive design principles for smooth user experience.

Portfolio Website

A responsive React/Angular portfolio showcasing my skills, projects, and UI design creativity. Focused on animations, modern layouts, and accessibility.

To-Do App

Created a lightweight task manager with add, update, and delete functionality. Practiced state management and data persistence using local storage.

Education

High School Graduate – Self-taught developer. Ongoing learning via online courses, tutorials, and projects.

Experience

Other Info

- Comfortable with Slack, GitHub, and collaborative workflows.
- Passionate about continuous learning and building practical projects.
- Open to internship, junior frontend roles, and freelance opportunities.
